

PROJECT 2

Page 98, paragraph 3: The second sentence should say:

[In RGB images] ... Combining 255 of each primary color results in white; 0 of each primary results in black.

PROJECT 3

Page 118, Step 1. The step should read:

- 1. In the file `africa_working.psd`, reset the default foreground and background colors to black and white (respectively). Select the Shape 1's Pattern Fill Layer and choose `Filter>Sketch>Charcoal`.**

Most of the sketch filters use the defined foreground color as the “drawing” medium. In other words, the charcoal sketch is being created with a foreground-colored piece of charcoal.

PROJECT 7

Page 350, Step 7. This step should read:

- 7. Using the Direct Select tool, click the path to select it. Choose `Make Selection` in the Paths panel Options menu and accept the default options in the Make Selection dialog box.**
